Heated Display Merchandiser

Instruction manual

Model:
CD231-A / CD232-A

Safety Tips

- Position on a flat, stable surface.
- A service agent/qualified technician should carry out installation and any repairs if required. Do not remove any components on this product.
- Consult Local and National Standards to comply with the following:
 - Health and Safety at Work Legislation
 - Fire Precautions
 - Wiring Regulations
 - Building Regulations
- **Warning! Hot surface! Always wear safety gloves when placing or removing food.**
- This product is only designed to store food temporarily. Do not use for laboratory or industrial purposes.
- DO NOT use jet/pressure washers to clean the appliance.
- DO NOT use the appliance outside.
- DO NOT use the appliance to store medical supplies.
- DO NOT use electrical appliances inside the appliance (e.g. heaters, ice-cream makers etc.).
- DO NOT allow oil or fat to come into contact with the plastic components or door seal. Clean immediately if contact occurs.
- DO NOT store products on top of the appliance.
- Always carry, store and handle the appliance in a vertical position and move by holding the base of the appliance.
- Always switch off and disconnect the power supply to the appliance when not in use.
- Keep all packaging away from children. Dispose of the packaging in accordance to the regulations of local authorities.

- If the power cord is damaged, it must be replaced by an Apuro agent or a recommended qualified technician in order to avoid a hazard.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience or knowledge, unless they have been given supervision or instruction concerning the use of the appliance by a person responsible for their safety.
- Children should be supervised to ensure that they do not play with the appliance.
- Apuro recommend that this appliance is PAT tested on an annual basis to ensure the product remains safe.

Product Description

CD231-A - Apuro Heated Display Merchandiser 120Ltr

CD232-A - Apuro Heated Display Merchandiser 160Ltr

Introduction

Please take a few moments to carefully read through this manual. Correct maintenance and operation of this machine will provide the best possible performance from your Apuro product.

Pack Contents

The following is included:

- Apuro Heated Display Merchandiser
- Water Tray
- 3 x Shelves
- Instruction manual

Apuro prides itself on quality and service, ensuring that at the time of packaging the contents are supplied fully functional and free of damage.

Should you find any damage as a result of transit, please contact your Apuro dealer immediately.

Installation

- Remove all packaging and dispose of it safely.
- Wipe all surfaces with a clean, damp cloth before use.
- Position the Merchandiser on a level and stable surface, insert the shelves on to the shelf supports, add water to the Water Tray if humidification is required, taking care not to overfill.
- There should be at least 100mm clearance on all sides, Do not place objects on top of the Merchandiser at any time.

Operation

- Add water to the Water Tray if humidification is required, then place the Tray in position inside the Merchandiser.
- Connect the Merchandiser to electricity by inserting the plug into a socket, turn on supply at socket.
- Turn switch at the rear of the Merchandiser to the on position, this will start the heating element.
- Rotate the knob at the rear of the Merchandiser to set the temperature. The temperature in the Merchandiser can be read from the display on the lower front panel of the Merchandiser.
- The Merchandiser is now ready for food to be displayed and kept warm.
- Your Merchandiser has a lamp to illuminate the contents, this can be lit by using the switch next to the on/off switch at the rear of the Merchandiser.

Cleaning, Care & Maintenance

Always turn off and disconnect the appliance from the power supply before cleaning. Always allow the appliance to cool before emptying or cleaning.

- Remove any food debris that is present in the Merchandiser after use.
- Clean the internal surfaces with a cloth that is damp with soapy water, or with a food safe cleaning agent.
- Dry thoroughly after cleaning making sure that no moisture is left in the Merchandiser.
