Quartz Salamander Grill

Instruction manual

**Model:
CJ799-A**

Safety instructions

- Position on a flat, stable surface.
- A service agent/qualified technician should carry out installation and any repairs if required. Do not remove any components on this product.
- Consult Local and National Standards to comply with the following:
 - Health and Safety at Work Legislation
 - Fire Precautions
 - IEE Wiring Regulations
 - Building Regulations
- **Some surfaces become hot during operation - take care when using the appliance.**
- DO NOT immerse the appliance in water.
- DO NOT clean with jet/pressure washers.
- DO NOT carry when hot.
- DO NOT leave the appliance unattended during operation.
- DO NOT obstruct or cover the appliance in any way when in use.
- During and after cooking, the unit is still hot. Never touch the surface to avoid scalding.
- Not suitable for outdoor use.
- Always switch off and disconnect the power supply to the appliance when not in use.
- This appliance must only be used in accordance with these instructions and by persons competent to do so.
- Keep all packaging away from children. Dispose of the packaging in accordance to the regulations of local authorities.

- If the power cord is damaged, it must be replaced by an APURO agent or a recommended qualified technician in order to avoid a hazard.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience or knowledge, unless they have been given supervision or instruction concerning the use of the appliance by a person responsible for their safety.
- Children should be supervised to ensure that they do not play with the appliance.
- APURO recommend that this appliance should be periodically tested (at least annually) by a Competent Person. Testing should include, but not be limited to: Visual Inspection, Polarity Test, Earth Continuity, Insulation Continuity and Functional Testing.

Introduction

Please take a few moments to carefully read through this manual. Correct maintenance and operation of this machine will provide the best possible performance from your APURO product.

Pack Contents

The following is included:

- APURO Quartz Salamander Grill
- Grill Rack
- Crumb Tray
- Instruction manual

APURO prides itself on quality and service, ensuring that at the time of unpacking the contents are supplied fully functional and free of damage.

Should you find any damage as a result of transit, please contact your APURO dealer immediately.

Installation

1. Place the unit on a heat-resistant surface. Avoid placing it on or close to flammable materials. Maintain a distance of 20cm (7 inches) between the appliance and walls or other objects for ventilation.
2. Keep the unit away from splashing water and countertop's edge.

Note: Before using for the first time, clean the interior and grill rack with soapy water. Let dry completely.

Operation

1. Ensure the crumb tray and upper splash guard are in place.
2. Slide the grill rack in place. Add food afterwards.
3. Connect the appliance to the mains power supply and set the power switch to 'I' position.
4. Use the element control switch to select between upper element , lower element  or both elements .
5. **Turning off:** After use, set the element control switch to 'MIN' and power switch to 'O', then disconnect the appliance from power supply.

Cleaning, Care & Maintenance

Warning:

Always turn off and disconnect the appliance from the power supply before cleaning. Always allow the appliance to cool before cleaning.

- Clean the interior of the appliance as often as possible.
- Do not use abrasive cleaning agents. These can leave harmful residues.
- For stains on the interior walls, wipe with a cloth dampened with some mild soapy solution. Ensure no moisture enters the inside of the cabinet.
- Always wipe dry after cleaning.

Cleaning the grill rack

- After use, remove the grill rack from the appliance for cleaning.
- Clean using warm, soapy water. Rinse thoroughly and dry well.
- Re-locate into the appliance.

Crumb Tray

- Periodically remove the crumb tray and empty.
- Clean the crumb tray using warm, soapy water.
- Re-locate into the appliance.

WARNING: DO NOT remove the tray during or immediately after use as it is still hot.

	Faulty control knobs	Consult a qualified technician
Appliance slow to heat up	Faulty heating elements	Consult a qualified technician

Technical Specifications

Note: Due to our continuous improvement process, the product specifications are subject to change without notice.

Model	Voltage	Power	Current	Dimensions H x W x D mm	Weight
CJ799-A	220-240V~ 50-60Hz	3000W	13A	311 x 640 x 360	14.5kg

Electrical Wiring

The plug is to be connected to a suitable mains socket.

This appliance is wired as follows:

- Live wire (coloured brown) to terminal marked L
- Neutral wire (coloured blue) to terminal marked N
- Earth wire (coloured green/yellow) to terminal marked E

This appliance must be earthed.

If in doubt consult a qualified electrician.

Electrical isolation points must be kept clear of any obstructions. In the event of any emergency disconnection being required they must be readily accessible.

Compliance

The product must not be disposed of as household waste. To help prevent possible harm to human health and/or the environment, the product must be disposed of in an approved and environmentally safe recycling process. For further information on how to dispose of this product correctly, contact the product supplier, or the local authority responsible for waste disposal in your area.

Apuro parts have undergone strict product testing in order to comply with regulatory standards and specifications set by international, independent, and federal authorities.

Apuro products have been approved to carry the following symbol:
