

LIQUID HAND SOAP

Liquid Hand Soap is a pearly thick liquid prepared from mild ingredients for hand hygiene and protection.

Liquid Hand Soap is pH balanced - your skin has a natural, slightly acidic moisture layer which inhibits the growth of harmful bacteria. Typical alkaline soap products destroy this layer, leaving skin feeling dry.

Liquid Hand Soap is ideally suited to cleaning hands in food preparation operations, restaurants, farms, garden nurseries, childcare centres, bathroom amenities and great for use around the home.

Liquid Hand Soap

- ✓ Lotion Formula
- ✓ Moisturisers to combat moisture loss
- ✓ PH Balanced
- ✓ 100% Soap Free
- ✓ Biodegradable
- ✓ Pleasant fragrance
- ✓ Value for money
